

## Willowlake Baseball Field Registration

With Spring upon us, it's time for America's Past Time to begin and that means Baseball. We are very fortunate to have a field in our community that can be used by everyone, however with the start of youth baseball in and around our community there are limited spaces for teams to practice. In the past our field was used on a first come first served basis, but teams from outside the community were coming in and there were some reported disputes as to who actually arrived first. To alleviate those issues, we began the process of reserving the field several years ago and limiting the use to teams that include a team member that lives in Willowlake and is in good standing with all association fees. To make a reservation, the resident living in Willowlake needs to contact Randall Management at 713-728-1126. The field can be reserved in hour and a half increments. An email confirmation with the date and time of the reservation will be sent to the resident. This will serve as proof of reservation in the event of dispute or another team being on the field. Our policy for registration is posted on the backstop as well.
